
Delivering ILM qualifications to Operations/Departmental Manager Trailblazer Apprenticeship Standards

Mapping the Level 5 ILM VRQ Diploma in Leadership and Management (8607) to the Operations/Departmental Manager Trailblazer

What makes up a Trailblazer apprenticeship?

A Trailblazer apprenticeship is typically made up of three components:

- On Programme component: the learning, training and formative assessment delivered by the provider for the duration of the apprenticeship
- A Gateway component: conducted partway through the programme and used to confirm that an apprentice is ready to take their End Point Assessment
- End Point Assessment: an assessment of the learning delivered at the end of the programme.

This mapping document is intended to be used by ILM approved centres only. It lays out how you can deliver an ILM Level 5 VRQ Diploma in Leadership and Management to meet each of the On Programme elements of the Operations/Departmental Manager Trailblazer. The document breaks down the essential knowledge and skills within the standard and highlights how each of these can be achieved through the learning outcomes of specific ILM units. The document also offers further advice where necessary on how to best expand learning outcomes to fully cover the Trailblazer standard.

This mapping document only relates to the On Programme elements of the Trailblazer. All learners will need to successfully complete a separate and independent End Point Assessment in order to achieve the Trailblazer standard. Please note, that it is the Centre's responsibility to ensure that the Standards of

the pathway are met. All ILM qualifications are awarded by The City and Guilds of London Institute.
