Learner Fees

Qualification Payment Routes

The following pages contain the full range of qualifications available to Approved Centres, along with prices and relevant product codes. All ILM qualifications are recognised and are extremely popular with learners as more employers recognise ILM qualifications than any other vocational qualifications.

As part of our commitment to giving you the utmost flexibility, we offer a range of different payment routes for several of our qualifications. Below we outline the key differences and benefits of the three main payment types available to you and your learners.

These fees only relate to qualifications carried out by Approved Centres. You can find out more by downloading our [Walled Garden step-by-step guide](#) to credit transfer from our website or getting in touch with our Customer Service Team.

Full

Full Payment Route – Centre Assessed

With our Full Payment Route you pay for your learners' qualifications in full with a single payment – prior to beginning their qualification or training. The fee includes registration for the full qualification and certification once they successfully complete their course of study.

Top-up

Top-up Payment Route – Centre Assessed

You can use the Top-up Payment Route to top-up either the size or level of a qualification a learner has already achieved. For example, learners can convert a Level 2 Award to a Level 2 Diploma or Level 3 Certificate.

Unit

Unit Payment Route – Centre Assessed

The Unit Payment Route is for learners looking for the flexibility to complete one or more units in a qualification on a three-stage, pay-as-you go basis. The optional final overall qualification fee is only due if a learner has gained enough credits and they want to convert these credits into a full qualification.
